

| <u>Application</u> | <u>Customer Release Notes</u> |
|---------------------------|--|
| PP | The Bank Information option was updated to allow printing the listing in bank code order, bank name order or routing number order. |
| PT | The PT Build Internet File for BIS program was updated to include the date paid for taxes that have been turned over to the clerk & master. The report also now prints the data. |
| UB | The Itron MVRS programs were updated to accommodate radio read demand meters. |
